

Environmental Policy

We are committed to respecting and protecting the environment and shall continually improve our environmental performance, endeavor to prevent pollution and carry out all our activities in line with the requirements of ISO 14001.

We shall:

- Comply with all applicable environmental legislation;
- Establish and review environmental objectives in line with this policy;
- Communicate our policy internally and externally.

We shall:

- Reduce waste production where feasible;
- Reduce the consumption of energy within the office environment;
- Minimise the use of natural resources where possible;
- Prevent contamination of land or water arising from our company's operations.

Signed:

Managing Director
